--------------------------	---

****Please note – parent contact details are stored on a shared database between all Queensland state schools. Information you provide on this form for the Parent/Guardian will filter to all other Qld state schools that you have students attending. In the case of a change of address, the reason we ask for sibling's names that are enrolled at another Qld state school, is to ensure that their address details also remain current. Emergency Contacts (other than the Parent/Guardian) are not accessible by another school therefore the details that you provide on this form will only relate to students who attend Wishart State School. To update Emergency Contacts for students who attend another school, you must contact them directly.**

Parent/Guardian Name: **Date:** / /
